## SCHEDULE IV.

Candidates selected for appointment after the examination will, before appointment, be called upon to satisfy a Medical Board as to their fitness for appointment to Government service, and will be required to conform to the physical standards laid down in the regulations subjoined.

These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that Government reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, after hearing the opinion of their medical advisers, to be physically disqualified for the public service; and that their discretion is in no respect limited by these regulations.

**Regulations as to the physical examination of candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.**

**General physical requirements.**

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of his duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth:--

Age.	Height without shoes.		Chest measurement on full expiration.	Chest measurement on full inspiration.
	Inches.	Inches.		
21 and upwards	62½ and under	65	30	32
	65	68	31	33
	68	70	32	34
	70	72	33	35½
	72 and upwards		34	36½

III. Measurement of chest.—The candidate will be made to stand erect with his feet together and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape will be carefully gathered in during the process, and when the minimum measurement is reached it will be recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech must be without impediment.

VI. The teeth must be in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VII. The chest must be well formed, the lungs and heart sound.

VIII. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other conditions likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation. Where any candidate has been rejected and has subsequently undergone one or other operation for hernia, hydrocele, varicocele or varicose veins, the Board may pass him provided they are satisfied that the condition has been radically cured.

IX. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

X. A candidate must have no congenital malformation or defect likely to interfere with his efficiency.

XI. A candidate must not be subject to chronic skin disease.

XII. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

**Standard of minimum acuteness of vision required for appointment in the Provincial Services.**

Better eye.  
Vision =  $\frac{6}{8}$ —

Worse eye.  
Vision =  $\frac{6}{8}$

after correction with glasses, provided there are no morbid changes present in the choroid or retinae.

2. Cases of myopia with posterior staphyloma may, however, be admitted provided ametropia in either eye does not exceed  $-2.5$  D, and no morbid changes are present in the choroid or retinae.

A candidate of twenty-five years of age or over may be admitted, provided ametropia in either eye or both eyes does not exceed  $-3.5$  D, and provided his corrected vision reaches  $\frac{6}{6}$  in each eye.

3. Candidates with hypermetropia may be admitted provided the acuteness of vision is—

Better eye.  
Vision =  $\frac{6}{8}$

Worse eye  
Vision =  $\frac{6}{8}$

after correction with glasses.

4. In cases of defective vision due to nebula of the cornea, the candidate will be rejected.

5. Squints or any morbid conditions subject to risk of aggravation or recurrence in either eye may cause rejection of a candidate.

6. Colour vision need not be taken into account.

**Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.**

The attention of the Medical Board is specially directed to the following:—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

#### SHIPPING.

*Simla, the 28th May 1928.*

No. 238-S. (87).—The following report of inspection of the Indian Mercantile Marine Training Ship "Dufferin" by the Governing Body of the Ship is published for general information :—

"In accordance with rule 10 of the rules for the management of the Indian Mercantile Marine Training Ship 'Dufferin,' the Governing Body made a formal inspection of the Ship on the afternoon on Monday, April 16th, 1928.

The following members of the Governing Body were present :—

Captain E. J. Headlam, C.S.I., C.M.G., D.S.O., R.I.M., *Chairman*.

F. B. Lory, Esq., Director of Public Instruction, Bombay.

Narotam Morarjee, Esq.

Maulvi Abul Kasem, M.L.C.

D. J. MacGillivray, Esq.

M. A. Master, Esq., B.A., LL.B.

Kaikobad Cowasjee Dinshaw, Esq., J.P.

J. L. P. Roche-Victoria, Esq.

Certain alterations, improvements and repairs suggested by the Captain Superintendent were considered and are embodied in the minutes of the meeting held after the inspection.

The Governing Body were much impressed by the smart, healthy and happy appearance of the cadets and of the marked improved physical development shewn by all.

The ship was in a most clean and satisfactory condition and shewed a high state of efficiency.

The Governing Body would like to take the opportunity of, on this their first formal inspection, reporting to the Government of India how successful in all its branches they consider the experiment of establishing a training ship for the Merchant Service has been so far.

This success the Governing Body consider has been in a very large measure due to the cadets themselves who have cheerfully and willingly accepted the somewhat stringent discipline of a sea life and shewn great keenness and zeal for their new life. It is most pleasant to record that their general behaviour has been exemplary.

The Governing Body desire to place on record their very high appreciation of the services of the Captain Superintendent and his Officers and Scholastic Staff, especially of the services of the Head Master Mr. Jones, the Chief Officer Lieutenant-Commander S. Campbell, the Second Officer Mr. H. W. Davies and Assistant Master R. D. Sathe, all of whom have taken the keenest interest in their duties and in the welfare and instruction of the cadets. The success of such a training ship must in all its branches depend most largely upon the Captain-Superintendent, who is responsible not only for the training of the cadets but for the discipline and welfare of all on board; in this connection the Governing Body consider that the highest praise is due to Commander H. A. B. Digby-Beste, O.B.E., R.I.M., who while maintaining the necessary discipline on board has worked unflinchingly in the interests of the scheme and for the comfort and welfare of his staff, the cadets and the Ship's Company.

The Governing Body feel also that the present happy and zealous spirit which is so apparent among the cadets is greatly due to Commander Digby-Beste's tact and sympathetic kindness combined with firmness in dealing with the cadets and in the intense interest he takes in their welfare and progress."

*No. 1497 Mis.—The 8th June 1928.*—In supersession of all previous rules issued on the subject the Governor in Council is pleased to make the following revised rules for the regulation of appointments in the clerical service of the Secretariat of the Government of Bengal and certain Government offices in future.

A. CASSELLS,

*Secretary to the Government of Bengal.*

**Rules for the regulation of appointments in the clerical service of the Secretariat and certain other offices of the Government of Bengal.**

The clerical service of the Secretariat of the Government of Bengal is divided into two divisions—the Upper Division and the Lower Division.

**Upper Division.**

2. The Upper Division of the clerical service in the Secretariat is graded as follows:—

- (a) Rupees 125 a month on probation for two years.
- (b) After confirmation a time-scale of pay, Rs. 150—10—250—15—400, with an efficiency bar at the stage of Rs. 250.
- (c) Two selection grades, one of Rs. 325—25—400 alongside the above time-scale, and another of Rs. 425—25—500 beyond it. The former selection grade is limited to 15 per cent. of the number in the Upper Division.

Special pay of Rs. 100 per mensem attaches to certain of the posts of Head Assistants.

3. Vacancies which occur in the Upper Division of each department will be filled by the following methods:—

- (a) Direct recruitment of candidates by means of a competitive examination which will be the same as that prescribed for the recruitment of the Bengal Civil Service (Executive) and other services in Bengal. The rules regulating the recruitment of these services will apply in the case of direct recruitment of the Upper Division of the Secretariat. These rules may be obtained on application from the Appointment Department of this Government.
- (b) Selection of suitable Europeans or Anglo-Indians. The educational attainments required of such candidates will be the Intermediate Examination, the Senior Cambridge Local Examination, the Cambridge Senior School Certificate Examination or a certificate that the candidate has passed the final examination of the advanced Commercial Classes. In this case preference will be given to graduates.
- (c) Promotion from the Lower Division.

No clerk in the Lower Division, however, has, as a matter of right, any claim to promotion in the Upper Division, which will be given strictly according to merit.

One-third of the vacancies in the Upper Division will be filled by method (c). So long as all the assistants in the Lower Division, who were recruited previous to April 1910 and are considered fit for promotion to the Upper Division, have not been provided for, this proportion of one-third may be exceeded. The relaxation of this rule of one-third will not, however, override the provisions of rule 14 as regards the appointment of Muhammadans, nor will it affect the appointment of Anglo-Indians to the special branch of the Political Department of this Government.

4. For the purpose of the selection of candidates under rule 3 (b), the Director of Public Instruction shall be asked to submit, in consultation with the authorities of European colleges and schools, the names of two or three candidates for each vacancy who possess the qualifications prescribed. From among these a selection will be made by the Secretaries at a meeting.

5. Candidates selected under rule 3 (a) and 3 (b) will be on probation for two years, during which they will draw pay at the rate of Rs. 125 per month. Candidates selected under rule 3 (c) will on confirmation commence at Rs. 170 in the time-scale of Rs. 150—10—250—15—400 for the Upper Division.

#### Lower Division.

6. (1) The lower division of the clerical service of the Secretariat is graded as follows:—

- (a) Rupees 60 a month on probation for two years.
- (b) After confirmation a time-scale of pay, Rs. 65—4—145—145—150, with an efficiency bar at the stage of Rs. 105.
- (c) Selection grade of Rs. 175—25—200 for clerk of special merit (limited to 10 per cent. of the Lower Division in each Department) who have passed at least three years on the maximum of the time-scale.

The bar in the time-scale will apply in the case of those clerks who are employed on purely routine work, such as despatcher, sorter, recorder, indexer, diarist, inter-departmental clerk, file-keeper, etc.

(2) The lower posts of clerical service in the offices specified in rule 20 are graded as follows:—

- (a) Rupees 45 a month on probation for two years.
- (b) After confirmation a time-scale of pay—
  - (i) in the office of the Board of Revenue, Rs. 50—3—65—4—105—5—140, with an efficiency bar at the stage of Rs. 85;
  - (ii) in the office of the Inspector-General of Police Rs. 50—3—65—4—125, with an efficiency bar at the stage of Rs. 85.
  - (iii) in other offices, Rs. 50—3—110—5—120, with an efficiency bar at the stage of Rs. 80.

- (c) There are certain posts on higher scales of pay in all these offices to which assistants of merit in the lower scale may be promoted.

7. The vacancies which occur in the Lower Division of the departments of the Secretariat will be filled up by means of a competitive examination. In special cases, as laid down in rules 13 and 14, appointments may be made by nomination.

8. The examination will be held in the month of August of each year. The arrangement for the examination will be made by the Central Examination Committee, Bengal, who will be assisted by paid examiners, and will act in communication with the Secretary to the Government of Bengal, Finance Department.

9. Candidates will be required to produce evidence that they have been through a complete secondary school course. In the case of Europeans and Anglo-Indians, applicants may be accepted who have obtained the elementary school certificate and have taken the supplementary commercial course prescribed by the European Schools Code. Every candidate must submit before the 15th July a written application for permission to appear at the examination.

10. The application under the last rule shall be in the form given below, and must be accompanied by a treasury receipt for the sum of Rs. 10. This sum the candidate is required to pay into the treasury nearest his place of residence by way of examination fee **and in no circumstances will this sum be refunded.**

In the case of the Upper Division of the Secretariat every third appointment in each office made under rule 3 shall ordinarily be given to a Muhammadan, provided he has obtained qualifying marks in the competitive examination referred to in rule 3 (a). This rule shall not operate to give preference in any vacancy to a Hindu candidate over a Muhammadan candidate who has secured higher marks at the examination.

(2) Until the proportion of Muhammadans in the various offices reaches one-third, the claims of qualified Muhammadan candidates shall be considered in filling-up all vacancies.

15. If at any time during the period of probation, or at its close the probationer's work is not considered satisfactory by the head of the office in which he is employed, he may be discharged and will have no claim to either gratuity or compensation. If, however, he was admitted from another office he may be reverted to his former appointment, or if this is not practicable, transferred to another appointment on the same pay.

16. Every probationer, before appointment, will be required to produce a statement showing to whom he is related or connected in the office in which he desires to serve. 18. Every appointment is made subject to the production of a medical certificate from the Presidency Surgeon, who is entrusted with the duty of examining candidates for appointment in the particular office to which the probationer has been appointed.

19. Temporary vacancies in the Secretariat shall ordinarily be filled from the list of candidates who have qualified at the clerkship examination, but it should be distinctly understood that such temporary employment gives no claim to permanent employment.

#### HIGH COURT NOTICES.

##### ENGLISH DEPARTMENT—CIVIL.

*The 12th June 1928.*

No. 8285G.—The following revised rules made by the High Court of Judicature at Fort William in Bengal, under the powers vested in it by section 6 of the Legal Practitioners Act, 1879 (XVIII of 1879), are published for general information:—

#### Rules.

#### Revised Rules for the training of Legal Practitioners in the Subordinate Courts.

1. On and after the 1st January 1930, no person shall be admitted as a Pleader in the Courts subordinate to the High Court, unless he has served as a probationer for a period of one year, either at the headquarters of a district or in one of the subdivisions thereof, in conformity with the following rules, or is not eligible thereunder, or has not satisfied the requirements thereof.

2. Any person, who has obtained the degree of Bachelor of Law of one of the Universities of Calcutta, Dacca, Madras, Bombay, Patna, Allahabad and the Punjab, or of the Muslim University of Aligarh, or of the Benares Hindu University, shall be enrolled as a probationer, provided that his application to serve as a probationer be made within one year from the date of his obtaining such degree, or within such further time as the High

Court may for special reason allow, and provided that a Bachelor of Law of the University of Madras, Bombay, Allahabad, and the Punjab, of the Muslim University of Aligarh and of the Benares Hindu University so applying has passed an examination held under the direction of the District Judge in reading, writing, and speaking the vernacular of the district in which he intends ordinarily to practise.

NOTE.—The period of one year referred to in this rule shall count from the date of the applicant's diploma.

3. The application mentioned in the last foregoing rule shall be addressed to the District Judge of the district in which the applicant desires to practise, and it shall specify the Pleader with whom and the Court in which the applicant desires to serve as a probationer, and shall be accompanied by a certificate from the Pleader stating that he is willing to take the applicant as a probationer: Provided that no Pleader who is not a practising Pleader of more than five years' standing, or does not ordinarily practise at the headquarters of a district, or in one of the subdivisions thereof, shall be eligible to take a probationer, and no Pleader shall be permitted to entertain more than one probationer at one time; and provided also that permission shall not be granted to serve as a probationer in any Court which is not at the headquarters of a district or of a subdivision thereof.

4. On receipt of the application mentioned in the last foregoing rule, and if it is in order, the District Judge to whom it has been made shall grant the permission applied for and shall cause the particulars to be entered in a register to be kept in his office.

5. The applicant shall then, during and for a period of one year, serve as a probationer with the Pleader and in the Court in respect of whom and which the said permission has been granted.

6. During the period of probation aforesaid, the probationer shall work with the Pleader in and outside Court. Such work shall be limited to acting only, and shall not extend to pleading, and the general nature thereof shall be that of assisting the Pleader in his professional work as Pleader.

7. During the period of probation aforesaid, the probationer shall also attend the Court regularly and shall notify his attendance therein daily to such officer as the District Judge in the case of service at the headquarters of a district, or the Senior Munsif in the case of service at the headquarters of a subdivision, may appoint for the purpose. It shall be the duty of such officer to note the attendance of the probationer in a register to be kept for the purpose.

8. The probationer shall ordinarily work with one and the same Pleader throughout the period of his probation, and the Pleader shall ordinarily be one in continuous practice throughout such period. In case where necessity may arise, the service may be with different Pleaders for successive periods, but the total period of probation must in no case be less than a year, and no such service shall be recognised, unless it has been with the permission of the District Judge, obtained previously and in the manner indicated in rules 3 and 4 above.

9. During the period of probation aforesaid, the probationer may be excused absence for a portion or portions thereof, provided the Pleader with whom or the Court in which the probationer is to serve is satisfied that there is good cause for such absence, and that the training of the probationer will not materially suffer therefrom. In any other case, the deficiency will have to be made up by serving for such further period, not longer than the actual period of absence, as may be necessary in the opinion of the Pleader or of the Court as the case may be.

10. A Pleader who is permitted to take a probationer will be allowed to charge a fee of Rs. 50 for his remuneration for the training he gives to the probationer, and may refuse to give a certificate of his willingness to take the probationer unless he receives the same in advance. In case, however, of the Pleader not being able to retain the probationer for the full period of probation with him, the probationer will be entitled to a refund of an amount in proportion to the uncompleted portion of the service with such Pleader.

11. Every probationer shall, during the whole period of his probation, be exclusively employed by the Pleader in his proper business and practice as such.

12. On completion of the period of probation as aforesaid, the probationer shall file with the District Judge a certificate in Form A of the Schedule from the Pleader and a certificate in Form B of the Schedule from the Judge of the district or the Senior Munsif in the subdivision as the case may be, along with his application for admission as a Pleader mentioned in the next rule: Provided that the Judge of the district or the Senior Munsif of the subdivision, should he entertain a doubt as to whether the probationer has diligently worked as such, may, before giving such certificate, subject the probationer to an examination as regards procedure, and should he not be satisfied as a result of that examination that the probationer has served with diligence, may direct him to continue as a probationer for a further period not exceeding three months.

## DEPARTMENT OF AGRICULTURE, BENGAL.

## Monthly Weather and Crop Report of Bengal for May 1928.

I. **Character of the season.**—During the month under review the rainfall was general over the Presidency. Precipitation was above the normal in fifteen districts and below the normal elsewhere. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Preparatory tillage for and sowing of winter paddy in seedbeds commenced in West and North Bengal. Sowings of autumn paddy and jute were finished in East and parts of North Bengal, while elsewhere the operations were proceeding favourably. The progress of sowings was satisfactory on the whole. Weeding of autumn crops was proceeding briskly in East and parts of North Bengal.

III. **State of standing crops.**—On the whole the standing crops were greatly improved by the rainfall of the month.

IV. **Prospects and probable outturn.**—The outlook of standing crops including deep water paddy was generally promising.

V. **Damage to standing crops.**—No appreciable damage except that by hailstorm in parts of Cooch Bihar State and in Rangpur was reported.

VI. **Condition of agricultural stock.**—The condition of live-stock was generally fair. Sporadic cases of cattle-disease were, however, reported from seventeen districts.

VII. **Failure of pasturage and fodder.**—Fodder was reported to be insufficient from parts of the 24-Parganas, Nadia, Murshidabad, Jessore, Burdwan, Birbhum, Rajshahi, Dinajpur, Malda and Dacca.

VIII. **Prices of food-grains.**—During the second fortnight of the month the retail price of common rice of the cheapest quality rose in seven districts, fell in six and remained stationary in the rest of the Presidency. It varied from 4½ seers per rupee in Rangpur to 7½ seers in Chittagong.

IX. **Condition of agricultural population.**—The condition of agricultural population was, on the whole, fair except in parts of Nadia, Murshidabad, Birbhum, Bankura, Dinajpur and Malda where distress continued to prevail owing to a partial failure of the winter rice crop. Test and other relief works continued to help the people of these places.

No. 129 T.-P.H.—The 14th June 1928.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the

Birbhum.

Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules subject to which the Commissioners of the Suri Municipality in the district of Birbhum may allow communication pipes to be laid down from the service pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only:—

#### Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 96, to lay down communication pipes from the service pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied, free of cost, at the Municipal Office.

2. A fee of Rs. 150 must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply pipe or a common communication pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Except as provided below, each holding must have a separate connection to the municipal main supply pipe, and extensions from the communication pipe of one holding to another holding shall not be permitted:

Provided that, with the consent of the Commissioners in meeting, connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a street or common passage, and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding;

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto.

4. The owner or occupier of the holding in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the municipal waterworks or system of distribution, or by the defective condition of the connection or any part thereof, or by any other cause whatsoever.

6. (1) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) No work shall be carried out under sub-rule (1) except under the supervision of a municipal officer.

7. A holding connection shall comprise the following parts or fittings:—

- (a) a brass or gun-metal ferrule inserted in the main supply pipe;
- (b) a galvanized iron communication pipe from the ferrule to the meter;
- (c) a stop-cock and its surface-box;
- (d) a meter;
- (e) service pipes from the stop-cock to the taps; and
- (f) taps.

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fittings so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule, and the diameter of the communication pipe referred to in clauses (a) and (b) of rule 7, and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows:—

Annual valuation of holding.		Size of ferrule.	Diameter of communication pipe.	Number of taps.
Rs.	Rs.			
under 200		...	$\frac{1}{2}$	1
From 200 to 399		...	$\frac{3}{4}$	2
" 400 " 599		...	$\frac{1}{2}$	3
" 600 " 899		...	$\frac{3}{4}$	4

" 1,200 " 1,499		...	$\frac{3}{4}$	6

From Rs. 2,000 and over—An extra tap for every additional Rs. 1,000, and when necessary, a corresponding increase in the size of ferrule or tee piece on the municipal main and in the diameter of communication pipe.

11. (1) On every communication pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface box of approved pattern, with locking arrangements. The key of this box shall remain under the control of the Chairman.

13. Neither the stop-cock nor the meter must be placed in any private premises.

14. (1) The Commissioners shall depute an authorised person to read every meter not less than once a quarter and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

(2) In the event of a meter ceasing to register, the quantity of water consumed during the period the meter had stopped to register shall be calculated on the basis of the average consumption of water of the holding for the last four quarters.

15. (1) Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of—

(a) 2,000 gallons of water per quarter for each rupee, and

(b) a further proportionate number of gallons per quarter for every additional fraction of a rupee, paid by him quarterly as water-rate in respect of such holding.

(2) For all water in excess of the amount allowed under sub-rule (1) such owner or occupier shall be charged quarterly as follows :—

(d) For any excess quantity of water exceeding twice the amount of the allowance prescribed in sub-rule (1) ...	1 4

16. The Commissioners may cut off the connection between any waterworks of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely :—

(a) if the holding is unoccupied ;

(b) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purposes of making any examination or inspection authorised under this Act or prevents such officer from making such examination or inspection ;

(c) if the owner or occupier of the holding touches or interferes with his meter in any way except with the permission of the Chairman, or wilfully or negligently injures or damages it ;

(d) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood ;

(e) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same ;

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (d) an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

17. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "Screwdown". Every tap shall be at least 3 feet above the surface of the ground beneath.

## FINANCE DEPARTMENT.

### NOTIFICATIONS.

**No. 779T.-F.—The 14th June 1928.**—In exercise of the power conferred by sub-rule (1) of rule 4 of the Civil Services (Governors' Provinces) Delegation Rules, 1926, the Governor in Council and the Governor acting with his Ministers are pleased to make the following rules regulating the conditions of service of provincial and subordinate services and of officers holding special posts:—

#### Rules.

1. For the purposes of these rules—

(1) *Appointed on probation* means appointed on trial in or against a substantive vacancy.

(2) *Probation* means a Government servant appointed on probation. A Government servant so appointed (and continuing in service) remains a probationer until he is confirmed.

2. Where it is intended that first appointment to a service or post shall normally be on probation, the period of probation shall be prescribed in the rule regulating the pay of that service or post.

3. For special reasons (which should be recorded) the appointing authority may extend a probationer's prescribed period of probation by a further period not exceeding half the prescribed period. A period of probation may not be further extended without the special orders of Government, obtained on a recommendation made by the appointing authority.

4. When a probationer is about to complete the period of probation prescribed under rule 2 the appointing authority shall record an order either confirming him with effect from the date of his completion of the prescribed period of probation or extending his period of probation or discharging him. Similarly, when a probationer is about to complete an extended period of probation, the appointing authority shall record an order either confirming him with effect from the date of his completion of the extended period of

probation or discharging him, unless he has meantime received orders of Government sanctioning a further extension of the period of probation :

Provided that, if he has not on the date of expiry of the extended period of probation received the orders of Government on a recommendation made under rule 3, the appointing authority shall defer his order until those orders are received; the probationer meantime being permitted to continue in service.

NOTE 1.—The term "discharge" in this chapter includes, in the case of a probationer appointed by promotion from another service or post, reversion to that service or post.

NOTE 2.—A recommendation that a period of probation should be extended by Government should be submitted in such time as to enable the orders of Government to reach the appointing authority before the date of expiry of the subsisting extended period of probation.

5. Save pending the receipt of the orders of Government on a recommendation made under rule 3, a probationer may at any time be discharged from service by the appointing authority, if considered by that authority to be unsuitable for the service or post to which he was appointed, but the order of discharge (except when passed by Government) shall not be given effect to till it has been submitted to and confirmed by the next higher authority.

6. An order discharging a probationer shall indicate the grounds for the discharge, but no formal proceedings, such as are prescribed for the removal or dismissal of Government servants who are not probationers, shall be necessary.

7. No appeal shall lie against an order discharging a probationer.

8. A probationer may not be confirmed until he has served on probation for the period prescribed under rule 2, passed any test or examination the passing of which may by rule be prescribed as a condition of confirmation in the service or post in which it is proposed to confirm him, and been declared by the appointing authority to be fit for confirmation.

9. No increment of pay beyond the pay prescribed for the period prescribed under rule 2 may be drawn by a probationer until he is confirmed.

10. When a probationer is confirmed otherwise than with effect from the date of expiry of the period of probation prescribed under rule 2, he will, unless it be otherwise provided by rule, draw as from the date of effect of his confirmation the pay he would have drawn had he been confirmed on the expiry of the prescribed period of probation, and, unless it be otherwise provided by rule, the whole of his service from the date of his appointment on probation shall count for increments.

All existing rules and orders relating to the conditions of service of provincial and subordinate services and of officers holding special posts, in so far as they are not inconsistent with these rules, are hereby confirmed.

*No. 786T.-F.—The 15th June 1928.*—In exercise of the power conferred by sub-rule (1) of rule 4 of the Civil Services (Governors' Provinces) Delegation Rules, 1926, the Governor in Council and the Governor acting with his Ministers are pleased to make the following rules regulating conditions of service of Provincial and Subordinate Services and of officers holding special posts. They supersede rule 29 of the Fundamental Rules so far as concerns such services and officers, and they shall be deemed to have come into force with effect from the 9th March 1926 :—

#### *Rules.*

1. When a Government servant is ordered to be reduced to a lower stage in a time-scale, the authority passing the order shall include in the order—

(i) a statement of the period for which the reduction is to remain in force; and

(ii) a statement whether on the expiry of the period the Government servant's previous service in the stage of the time-scale from which he was reduced, and the period during which the orders of reduction were in force, shall count for increment in whole or in part or not at all. If the former statement be not made, or be not clear, the period of reduction shall expire on the termination of the period at the close of which the officer would have drawn his next increment had the order of reduction not been passed; and if the latter statement be not made, or be not clear, the Government servant shall be entitled, on the expiry of the period of reduction, to count towards increment his previous service in the stage of the time-scale from which he was reduced, and the period during which the orders of reduction were in force.

2. When a Government servant is ordered to be reduced to a lower grade or post, and is subsequently promoted or reinstated, his previous service in the grade or post from which he was reduced counts for increment, unless the authority promoting or reinstating him declares that it shall not so count, either in whole or in part. The period during which the orders of reduction were in force does not count for increment upon promotion or reinstatement.

**MAINAMATI SURVEY SCHOOL.**

(P. O. Survey School, District Tippera.)

**Admission Rules.**

The Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, in the district of Tippera, four miles west of the Comilla railway station, on the Assam-Bengal Railway. The Dacca-Chittagong Trunk Road runs close to the site of the school. It is healthily situated and occupies a picturesque site.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The school, which is ranked as a major institution, is affiliated to the Survey Education Advisory Board, Bengal, for the Survey Final and the Amin Examination.

4. In addition to the ordinary course, the school trains special students who do not intend to earn their living as surveyors but wish to receive training in surveying. Candidates for appointment as district kanungos or any Government official rank as special students.

5. The total number of admission to the first year course shall not exceed 50, of whom not more than ten may be special students; for the second year course not more than 30 shall be admitted in any one year, and not more than 5 of these may be special students.

6. The full course of instruction extends over two years. The session for the first year course, which corresponds to the Aminship standard, begins from the 1st August and terminates on the 31st July of the following year. The session for the second year or the Survey Final course begins from the re-opening day of the school after the Durga Puja holidays or from such date as may be notified by the Principal, not later than 1st November. The second year course also runs for twelve months. No student shall be admitted, or, in case of re-instatement after removal of his name from the school books, be re-admitted after the expiry of one month from the opening of the session, or from the date of removal of his name, as the case may be.

7. Applications for admission to the first year course must be submitted to the Principal on or before the 30th June. Applications for admission to the second year course must be submitted on or before the 30th September or such other date as may be notified by the Principal. The limit of age for the candidates seeking admission to second year is below 22. The Director of Industries, Bengal, may make exceptions to this rule.

The restriction of age does not apply in the case of special students. But they should have the minimum educational qualification of regular students.
